

"We are working closely with Genesee County and the Flint community, taking actions to immediately improve the water situation in Flint. Currently, we are focused on water testing, lead testing for children, and ensuring every home has water filters. We are also at work on long-term solutions, including follow-up care for affected residents."

-- Governor Rick Snyder

### **Niagara Bottled Water Recall**

Note that Niagara bottled water affected by a June 2015 recall is not being received or distributed by the State of Michigan and its affiliated water response teams. Niagara bottled water distributed by unaffiliated nonprofit or service organizations may not have been inspected for recalled commodities. For more information about the recall, please visit the Niagara website [www.Niagarawater.com](http://www.Niagarawater.com).
